## September 2018

Hi! We have had several alumni updates and new adoptions since I last wrote. Ziggy, Zoey, and Emily have been adopted. Ziggy will be staying with the wonderful family that fostered him. Zoey went to live with Bianca and her family and Emily who is now Dixie went to live with Danielle.

Yay for Ziggy!

I failed to include a picture of Jake and Honey that Joan sent prior to the last newsletter. Jake was adopted 7 years ago and Honey was adopted 6 years ago. Sage's mom sent several new photos and says this beautiful girl is doing well. Kitrina saw the post of Sage and thought she had similar markings to her AF alum, Ike. Baby's mom and dad sent pictures of Baby playing on the beach but unfortunately I couldn't get a good copy to share with you.

Christmas' family sent a new pic and we got to see Allie (formerly Mia) at a recent adoption event. Heather shared a picture of her Roxy who was adopted 2 ½ years ago and was named Sonja. Heather says Roxy sleeps in bed with her, loves the dog park and all of her many toys. She says Roxy is, "my best girl". I bet lots of you feel this way about your pup(s). And then there is Jax who was formerly Larry—he looks happy riding with his mom.

Thank you for continuing to share your photos and follow us on Facebook. Angie has tried to help a very sick puppy she named Portia who required intensive care and still didn't live. She was asked to help a sweet pup who was given a pork bone that got stuck in her gum. The pup could not eat or drink as a result and infection had set in by the time Angie was contacted. Angie got the pup help and the sweet baby is recovering nicely. Thank you to all of you who responded to our cries for help in meeting these unusual medical needs.
